KORTNEY JENSEN

Obituary Condolences

Kortney Reese Jensen 1982 ~ 2010

Kortney Reese Jensen, 27, our beloved father, husband, son, brother and dear friend passed away on July 31, 2010.

Kort was born December 1, 1982 to Kelly Jensen and Mary (Church) Heiner.

He married the love of his life and greatest friend Laura Becherini on August 31, 2008 One of the best days of Kort's life was the birth of his first daughter Autumn. He was preparing and looking forward, with great anticipation, to the upcoming birth of his daughter Raven. Kort will always be remembered for his deep compassion for those in need and numerous acts of

SGT Kortney Jensen suffered from Post Traumatic Stress and died by Suicide

Continue Mission was founded in August 2014

Our Mission is to serve Veterans with service connected physical, mental, and emotional injuries. We aim to inspire, empower, and involve Veterans and their families and referred Service Members in recreational and educational programs that promote health and wellness and positive life changing experiences. We are dedicated to raising mental health awareness and taking an active role in suicide prevention.

We invite civilians and communities to join together to support this mission.

NO VETERAN LEFT BEHIND

Continue Mission serves: Veterans, Service Members, and their families and support members.

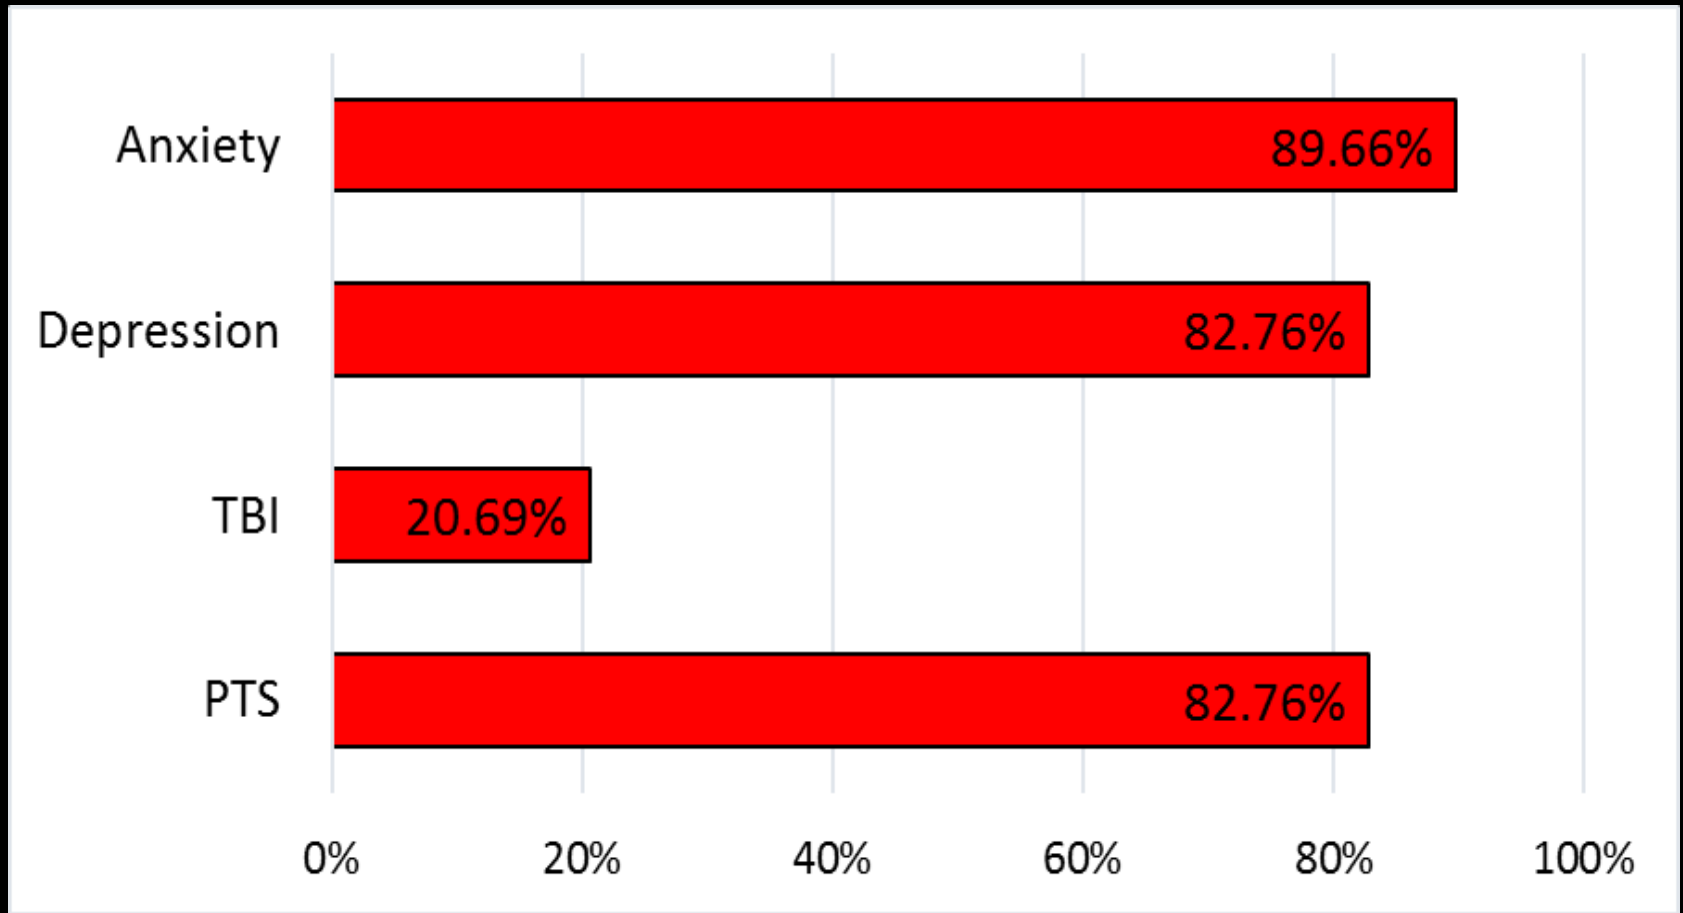

Eligibility for Services

- Service Connected Injury: physical, mental, and/or emotional
- Disability rating letter from the VA or a letter of referral from a doctor

Benefit of Services

- Events held at no cost to registered Veterans or their support members
- Year round recreational events and opportunities: skiing, cycling, paddle-boarding, family activities, overnight leave, and more
- Camaraderie amongst like minded brothers and sisters

Percentage of CM Veterans Experiencing Mental Health Symptoms; by Diagnosis

At least 78 out of 112 registered CM Veterans are experiencing Post Traumatic Stress

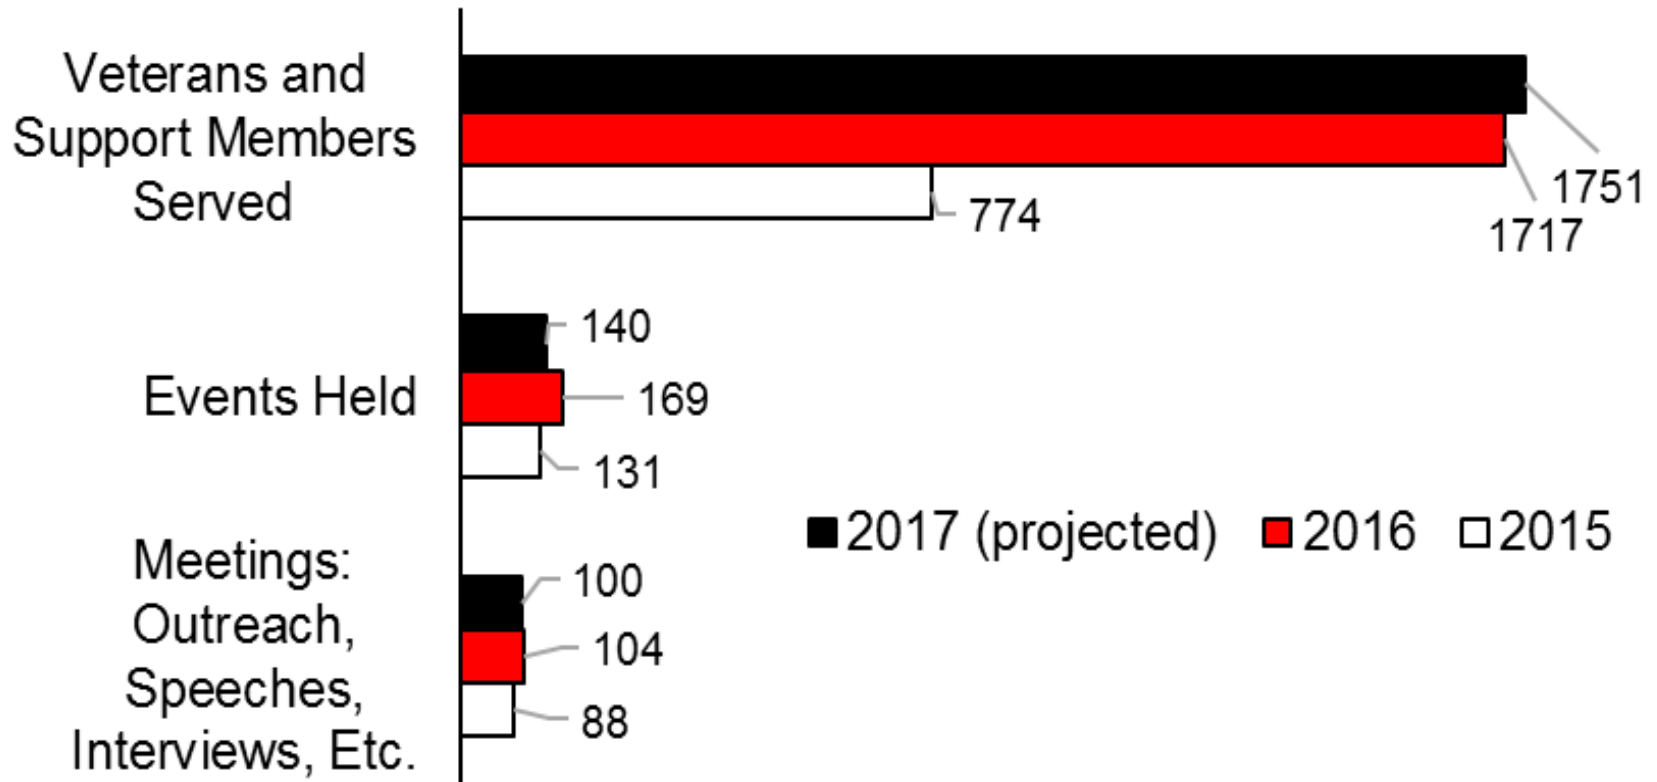

Goals of Continue Mission:

- Decrease Veteran suicidal ideation
- Improve Veterans relationships with their family and the community
- Positively impact Veterans mental health
- Give Veterans a purpose
- Provide Veterans opportunities to remove themselves from isolation
- Provide Veterans with a 'family' to be with and others to support them

Impact of Continue Mission on Registered Veterans Mental Health

In September 2017 our registered CM Veterans were given the opportunity to take part in an impact inquiry.

The objectives in requesting that our Veterans take part in the CM Veterans Impact Inquiry were: 1) To discover the impact CM events have on our Veterans mental health. 2) Determine whether the events provided are successfully reducing thoughts of suicide. 3) To evaluate the importance of including family/support members in events, and the changes in attitude towards civilians. 4) To evaluate the effectiveness of the program in providing the above mentioned. 5) Provide effectiveness results to grantors and donors.

Impact quotes from Continue Mission Veterans

“Continue Mission has given me a new ‘family’ to be with and others to help.”

Trish Maakestad US Air Force

“As an active participant of CM I would like to express my support of the program. During this last year I was separated and divorced, lost a dog, changed my career, was diagnosed with lupus, climbed Mt. Rainier, and participated with CM in road cycling with weekly rides, snowboarding, running trail races, classes for suicide prevention and peer support with other Veteran’s in the program. It was truly a year that should have shut me down after all I had been through, but with the support of CM I felt I could get through all these things. CM has changed my life, and helps support Veteran’s like myself.”

Kelly Draper US Navy

“Continue Mission has allowed me an opportunity to get out of the house, shed the shackles of depression that often arise because of my PTSD, and associate with like-minded Veterans who understand me.”

Jeffrey Denning US Army
